

SUN BEAMS

By WALTER M. BARRETT

It is with a great deal of pleasure that we report the local fire commissioners have actually started negotiations for the promised new fire truck and equipment for Truckee. It appears that the only obstacle now standing in the way is the legal requirements which will be cared for within the next few days. The new apparatus will be here and ready for use by early spring, the commissioners declare.

The boys of the ski team of the Truckee Outing Club Saturday are sponsoring a dance to raise money that is sorely needed to replenish the depleted treasury. The money raised will go toward promotion of local sports projects and the affair should have the support of every one interested in the development of recreational facilities here.

When a man does something for the benefit of his neighbor without hope of remuneration other than the establishment of good will he is entitled to a word of thanks and at this point we rise in praise for Joe Mattos and the volunteers who did such a good job in opening the hill streets after they had been blocked for nearly a month. It was no small task, we assure you, and the small pay received did not anywhere near compensate the crews for their efforts. The people on the hill, we know are duly thankful.

With the nice weather which we have been enjoying during these past few days, we feel almost ashamed of the nasty things we said and the nastier things we thought about the preceding six weeks. After all we have to have disagreeable comparisons to appreciate the better things. We are of the opinion that we have had sufficient foul weather to make us fully appreciate the nice sunny days.

After being isolated from the rest of the world completely for just one day short of three weeks, state snow plows late last week broke the snow blockade around the rim of Lake Tahoe and permitted scores of families to replenish larders, which had been hard hit during the siege. The lake people, with few exceptions, said no word in protest of their plight, accepting the condition with good grace.

That was a tough break for the Hobart Mills folks when the plow was in a short distance of the little village, snowed in for three weeks, then developed motor trouble and was forced to turn back to Truckee for repairs.

FONTANA INSTALLED PYTHIAN HEAD AT BIG LOCAL MEET

With 60 members in attendance, officers of Summit Lodge No. 54, Knights of Pythias, were installed last week by Lodge Deputy Carl Weeks, acting as grand chancellor, assisted by J. B. Clark, as grand prelate and Oscar Schumacher as grand master at arms.

A special train brought the Hobart Mills members in to attend the session.

A. P. Fontana was installed as chancellor commander and other officers seated were R. Cardinal, vice chancellor; Robert Seibold, prelate; W. M. Englehart, keeper of records and seals; J. F. Lichtenberger, master of finance; Benjamin Tonini, master of exchequer; B. C. Canonic, master of work; Fred Kohler, master of arms; D. Dundas, inside guard, and F. W. Gaennie, outside guard.

Following the impressive installation ceremonies, the group adjourned to the banquet room where a turkey supper was served.

INQUEST WILL BE HELD FOR WRECK VICTIM

When the railroad men who must appear have been subpoenaed, an inquest into the death of U. S. Hardison, Southern Pacific employee, who died following a collision at Fulda Flats during a recent storm, will be held.

Coroner Francis West of Roseville will be in charge of the hearing.

TRUCKEE DONATE \$77 TO FLOOD AREA

Last week \$77 was reported to have been received by the Nevada County unit of the American Red Cross from Truckee contributors to aid the flood sufferers.

ULLAND EASILY WINS SKI JUMP AS TAHOE SCORES

Lake Club Captures Meet At Cisco During Tournament

AUBURN CLUB LOSES

Mikkelsen Humbled in Ski Meet By Tahoe's Entry

Lake Tahoe Ski Club jumpers had an easy time Sunday in defeating the Auburn Ski Club's hopefuls at the state championship meet held at Cisco and attended by more than 1000 spectators.

Sig Ulland, Norwegian ace skier under the colors of the Tahoe Club, outjumped Roy Mikkelsen in both of the official leaps. Ulland's two tries were recorded at 166 and 160 feet and Mikkelsen made only 157 and 154 in his two attempts.

Not alone did Tahoe win the A class jump, but David Renner of the neighboring club captured the B event with Albert Henry taking first in the C class and little Oliver Hennricson taking the D event.

Altogether it was a real outstanding victory for the Tahoe group and victory was doubly sweet in view of the fact that the date given Auburn for the meet had been originally sanctioned for the Tahoe meet, now scheduled for next Sunday.

Unofficially, Tahoe was given a 4-point margin over Auburn in the Cisco tournament, the scores being Lake Tahoe, 40; Auburn, 36; Placerville, 10; Mt. Lassen, 10; Mt. Shasta, 9; Reno 4; Portola 5; Big Pines, 2.

The Lake Tahoe club lost unexpected points when Gerald Wetzel and Bobby Wetzel of the Mt. Shasta Snowmen took second and third places in the Class D jumping, and Renner's victory over Si Brand of Mt. Lassen again put Tahoe into the running.

The Auburn club captured the combined cross country and jumping event, with the veteran Andy Blodger heading the parade, but with a Tahoe boy, Bud Mandeville finishing second to steal the glory from the Auburn skiers.

In Saturday's events, the only contest decided was the cross country race which was won by Gunnar Forsback of Placerville, with Blodger in second place.

The duel between Ulland and Mikkelsen was the outstanding attraction of the day and the decisive win was loudly cheered by supporters of the Tahoe contingent.

Carl Bechdolt, Jr. of the Lake Tahoe club scored second place in the C class jump.

COUNTY DAIRYMEN GIVEN CLEAN BILL IN BOVINE TESTS

Dairymen of Nevada County will be enabled to ship their products all markets following federal rating of being a modified accredited bovine tuberculosis free area. This was announced by Dr. C. U. Duckworth, chief of the division of animal husbandry of the state department of agriculture.

The rating is given only when tests by authorized veterinarians show that all cattle in the county whose owner have applied, have been tested and found to have a total of less than one-half of one per cent infected with the disease.

BILLY BECHDOLT HURT A CISCO SKI GROUND

Young William Bechdolt, son of Mr. and Mrs. Carl Bechdolt of Tahoe City and a member of the Tahoe Ski Club, had the misfortune to break his leg when he fell at the Cisco Hill slope on Saturday, according to word received here.

He was taken to the Auburn hospital where he is undergoing treatment. It is hoped he will soon be able to resume his skiing.

Firemen Given Assurance Of New Equipment

Commissioner Tells Firemen Only Legal Obstacle To Be Lifted

Definite assurance that Truckee will be provided with a new fire truck and equipment by spring was given by Fire Commissioner Frank Gaennie before a meeting of the local fire department here Monday night at the St. Louis cafe.

Gaennie explained that within the next few days he will confer with the district attorney to clear the path of all legal requirements before ordering the equipment.

Designs of the new apparatus were displayed and met with the approval of the firemen.

The firemen are now contemplating the erection of a fire house in which to store the equipment after it arrives.

Seventeen members of the department attended the dinner-meeting, with Chief N. F. Dolley presiding. The next meeting will be held on March 15.

Plans Complete For Excursion Here This Week

Ski Club Dance Will Be One Feature of Big Program

With the weather promising to be ideal and the snow just right for sports, next week end promises to set a new record for attendance in recreational activities here.

Workmen this week have put the toboggan slide into good working order and all is in readiness for the reception of the huge throng, which is expected to number over 1000.

A dance sponsored by the skiers of the Truckee Outing Club will occupy the spotlight Saturday evening. Bud Campbell, chairman of the dance committee, reports that he has secured a good orchestra and that every indication points to a successful affair.

Throughout Saturday and Sunday the pavilion at the snow grounds will be opened for visitors and every available facility will be operating.

Sunday afternoon the attraction is expected to be at Olympic Hill near Tahoe City where sanctioned ski events will be programmed. Busses will leave Truckee each hour for the Tahoe resort, it was announced.

THORNTON SHOWS FILMS TO LIONS ON NEW PROCESS

An interesting motion picture showing the manufacturing process of the soy bean and how it is put into commercial use in the building of an automobile, were shown at the meeting of the Truckee Lions club here last night by John Thornton, local Ford dealer.

The film were taken at the Ford experimental station in Michigan and showed how the farm products can be converted into the commercial work, thus conserving the natural resources.

Eighteen members were present and two guests, Constable Harry Johanson and A. M. Anderson of Tahoe City enjoyed the program.

MRS. EDMUNDS IS HOSTESS TO GROUP AT VALENTINE PARTY

St. Valentine's Day was the motif chosen by Mrs. C. Edmunds when she entertained eight friends at her home on Wednesday.

A 1 o'clock luncheon was served to the guests who arrived in costume and the later hours of the afternoon were devoted to bridge.

Gifts were presented to Mesdames William Englehart, A. B. Polyanich and Karl Kielhofer at the close of the games.

STREETS BEING PLOWED AFTER MONTH'S DELAY

Volunteers Labor to Provide Roads for Families In Truckee

SNOW PLOW IS BUSY

Supervisor Declares Funds Not Available For Local Work

An inconvenient as well as highly dangerous, condition, effecting the residents on the hill streets of Truckee was eliminated this week through the efforts of Joe Mattos and his snow plowing equipment, supplied by a volunteer group of residents in the snowed in area, when a road was plowed from the highway west over Trout Creek bridge and through to Spring Street, thence down the hill to Commercial Row. The work broke a snow blockade which had existed for more than a month.

Two full days of hard labor were required to correct the situation, which had deprived the residents on the hill of a means of procuring fuel and other necessities, and in case of need would have prevented fire equipment or an ambulance from being of use.

The volunteers agreed to assist Mattos after Supervisor Alex Robertson, who was invited to attend a meeting of the Chamber of Commerce this week to explain the reason for permitting such a condition, said he did not have funds available to do more than he had been doing.

As an "accommodation", however, he said he would attempt to have the streets opened, but that he was not required to do so.

This statement brought forth protests with C. Edmunds attempting to explain to the supervisor that he felt it no "accommodation" to serve the taxpayers of Truckee and that if sufficient funds are not now available steps should be taken to provide them.

It was pointed out that one cent from each three cents collected from gasoline tax in the state alone is returned to the counties for road purposes. Nevada county's share for the last quarter of 1936 totaled \$17,022.96. Many cars, whose owners paid their share of this sum, are snowed in on the hill where, it was explained, had the snow not been allowed to pack so hard and pile up so deep they could have been kept in use, continuing to build up the gasoline tax fund.

Robertson explained that he has no road fund and very little money to use in the snow elimination program, saying that if he spent it all plowing snow he would have nothing left for improvements and repairs in the spring.

It was brought out in the meeting that local snow equipment operators had been proffered \$2 an hour for plowing the snow from the streets here. This sum, those familiar with the work declare, would hardly be enough to pay for the gasoline, to say nothing of the wear and breakage of equipment.

All agreed that this has been an unusually severe winter and that allowances had to be made for this fact. But with virtually every street in town closed because of the snow, a dangerous condition prevailed which they said, demanded immediate attention.

The state crews were commended for their work in keeping Commercial row clean of snow from the south side of the highway to the sidewalks.

JUDGE TUTTLE WILL PRESIDE IN SOUTH

Judge Raglan Tuttle has been called by the state judicial council to preside in a noted Los Angeles case on March 1, the People vs. Gregory. The latter is a brother-in-law of District Attorney Byron Pitts of Los Angeles and is accused of violating the Blue Sky laws.

Anniversary Of P. T. A.'s Observed Here

Candle Lighting Ceremony Held at Program of Local Unit

A candle lighting ceremony which is the ritual of the anniversary date of the founding of the Parents and Teachers association by Mrs. Phoebe Hearst and Alice Birney in 1897 was observed in the grammar school auditorium on Monday evening with Mrs. Scott Gordon, president of the local group officiating.

Four various colored candles in holders flanked a birthday cake bearing 40 candles, one for each year of the organization's existence, centered the table.

While the candle signifying memory of the founders was lighted by Miss Patsy Mahne, the national blue candle was lighted by Mrs. Lotta Bryant in tribute of the National Congress of the Parents and Teachers. R. P. Nelson honored the state congress of P. T. A. when he lit the red candle and the gold candle representing the local unit was lighted by the president.

A march was played by Mrs. Bryant as the members passed a miniature school building, constructed by Mr. Gordon, in which was contributed a silver offering.

Refreshments were served at the close of the meeting.

The founding of the organization marked the beginning of greater understanding between the school and the home in promoting the welfare of the younger generation.

Truckee Girl Is Married To Stockton Man

Miss Anna Zorich Becomes Bride of Paul Seely At Ceremony

At a quiet ceremony performed at the parsonage of Rev. Brewster Adams, pastor of the First Baptist Church of Reno, Saturday morning, Miss Anna Zorich of Truckee became the bride of Paul Seely of Stockton. Only immediate members of the two families were in attendance.

Mrs. Seely is the daughter of Mr. and Mrs. J. Zorich of this city. She graduated from the local high school and Munson's Business College in San Francisco. Recently she was employed in the office of the Truckee Public Utility District.

Popular in the younger set here, Mrs. Seely took an active part in home-talent plays as well as other local functions. She is an active member of the Truckee Eastern Star chapter.

The groom is the son of Mr. and Mrs. John Seely of Stockton. He is a graduate of the Stockton High School and attended College of the Pacific there.

At the nuptials, Miss Amelia Zorich, sister of the bride, was bride's maid and the groom's father was best man.

Following a wedding breakfast at the Riverside Saturday morning, the newlyweds departed for Southern California and Mexico where they will honeymoon before returning to make their home in Stockton where Seely is employed.

Truckee friends join in wishing the young couple much happiness.

SKIERS INSPECT NEW SITE FOR JUMPS

Several members of the Truckee Outing Club, under the leadership of C. Edmunds and Rufus Gregory, made a trip to Long Hill and to the top of Pinnacle Point to inspect the proposed sites for the new jumps and ski trails.

It is planned to start work on the projects next year.

Campbell, III—Bud Campbell is reported to be on the sick list at his home.

AGREEMENT IN BOCA DEADLOCK REPORTED OKEH

Secretary Ickes Was Slated To Sign Documents Last Week

NO WORD LOCALLY

Government Gives Approval To Agreement In Project

George McGuire who arrived here the first part of January from the George W. Condon Company headquarters in Omaha, Neb., to start work on the proposed Boca dam on the Little Truckee river, had received no confirmation of reports that the agreement with the government to permit actual construction of the project had been signed.

Press dispatches from Reno, however, indicate that Secretary Harold Ickes was expected to sign the agreement last Saturday.

The dispatch, in part, follows:

RENO, Feb. 13.—The United States Reclamation Service yesterday gave approval of the Truckee River agreement, the repayment contract and stipulation of a final decree in the Truckee River suit, clearing the way for the actual start of work on the upstream storage dam at Boca. Secretary Harold Ickes was expected to sign the various documents at Washington tomorrow.

The announcement of the approval of the contract was made by L. S. Foster, reclamation bureau engineer stationed here.

The contract for construction of the dam was awarded several months ago to the George W. Condon company of Omaha on a condition the repayment contract and the Truckee River agreement should be approved.

The signing of the documents by Secretary Ickes will bring to a conclusion many years of negotiations between water users on the Truckee River to reach an agreement and also will practically bring to an end the adjudication suit now pending in the federal court.

FATHER OF TRUCKEE WOMAN VERY ILL IN SAN FRANCISCO

Mr. and Mrs. Dan F. Smith were called to San Francisco this week when it was learned that Mrs. Smith's father was not expected to survive an attack of pneumonia.

Mrs. Smith is staying with her mother until the crisis is past, but Smith has returned to Truckee. It is hoped Mrs. Smith's father will soon be recovered.

SKI CHAMPION WILL MEET MIKKELSEN IN SALT LAKE EVENT

Sig Ulland of the Lake Tahoe Ski Club, victorious over Roy Mikkelsen for the state ski jumping championship at Cisco last Sunday will again oppose the Auburn ski club entry at Salt Lake this week end when they will be contestants in the national ski tournament.

Wedding Anniversary—Mr. and Mrs. Dan Smith were receiving congratulations of their friends on February 15, when it was revealed that the well known local couple were observing their 34th wedding anniversary.

Touring Mexico—Local friends have learned of the departure of Mr. and Mrs. Matt Green for Mexico where they plan to spend two months touring the country.

Varney Ill—Friends here are sorry to learn that G. A. Varney, a pioneer local resident, is seriously ill in Sisters Hospital in Reno. He was stricken ill some time ago, but only recently was compelled to enter the hospital.

A SERIOUS PROPOSAL TO SPORTSMEN

Under the proposed budget submitted to the state legislature, a slash of over a million and a quarter dollars in the proposed or tentative budget of the state fish and game commission is recommended, leaving a balance of only \$2,408,000 to carry on the propagation and conservation program as well as the administration of the commission during the next two years.

This, according to the Fish and Game Development association, is revealed in a study of the budget bill.

And to the sportsmen of the state it is a serious thing. Here in Truckee where we depend much upon fishing and hunting to attract sportsmen, it has a double seriousness and we should do all in our power to see that this proposal is not carried out.

Anyone who is at all familiar with the fish and game situation in the state knows that annually more and more are turning to this great outdoor sport and that at the same time fish and game are becoming more and more scarce.

Sportsmen pay their money each year for fishing and hunting licenses and it is only fair that this money be used to carry on the program. As a matter of fact the state law so provides, but with the passage of the budget in its present form, it will be possible to divert this money or freeze it up so that regardless of the need to keep alive hunting and fishing, it cannot be secured.

It should be the duty of every sportsman in the state to write members of the legislature and the governor to urge that at least ample funds be provided to carry on the work now started. Every sportsman, who buys his fishing or hunting license each year, has a right to make this demand.

TALK ABOUT THE WEATHER

When the mercury plummeted to new lows recently, the weather rose to the top as a topic of conversation. That was alright. It was inevitable, and therefore to be borne in silence.

However, it could not but deeply grieve a good many old timers to note the generally uncomplimentary tenor of the remarks. There was, in fact, an unconscionable amount of squawking. It is high time that someone took up the gauntlet for that much maligned entity, The California Climate.

Now in the first place, those icy blasts, those terrific blizzards and unseasonal rainstorms were "unusual" weather. In the second place, a little cold air once in a while is good for us anyway. In the third place, look at the pangs of nature the rest of the world is suffering.

Floods in the midwest drove thousands from their homes. Rain drenched the east. Storms swept over Europe, causing scores of deaths and in southern Mexico they were worrying about the sweltering summer they are going to have.

Yet here were a lot of us complaining just because Mother Nature lifted the temperate blanket and let the cold air in. At that we are, like the rest of you ready to welcome the good old sunny, warm days. Enough is enough.

BIRTH OF A NATION

This year is the 150th anniversary of the event which marked the beginning of our history as a nation. It was in May, 1787, that those youngish men (their average age was but 41) whom we call fathers, gathered in solemn convention to draw up the Constitution of the United States. No less than miraculous, when you stop to think of it, is the fact that this document, fashioned when the country consisted of a few thinly-populated agrarian states along the Atlantic seaboard, has stood the test through the changing years and is today the guiding instrument of a vast, modern industrial democracy of nearly 130,000,000 people.

THE TRAVELING PRINTER

The other morning a traveling printing salesman stopped off in Truckee after having breakfast in Reno. He visited a number of local firms, got into his car and was on his way. During the time he was here, he spent nothing, not even a dime for a package of cigarettes. He left before lunch after securing several nice orders for printing at prices above what the same orders would have cost at the local plant. And when the jobs arrive they will be inferior to the local work.

We can't help but wonder why good business men fall for the line of the transient peddler.

Chick and Check

Politically Speaking

By GEORGE E. HELMER

(United Press Staff Correspondent)

SACRAMENTO, Feb. 18.—(UP)—

Extending its scope beyond the subjects of liquor, horse racing and auditing, the Donihue assembly investigating committee, enlivened with new members, has directed inquiries at the fish and game commission and the state unemployment relief organization.

These investigations were undertaken after Assemblyman Leon M. Donihue had announced the committee also would look into the expense accounts, private use of state automobiles and other activities that he figures may be costing the taxpayers more money than necessary.

First of the unverified sensations to develop was the report by Herbert C. Davis, executive secretary of the state fish and game commission, that there were rumors of a \$10,000 bribe in connection with the commission's increasing the allowable sardine pack from 300,000 to 400,000 tons annually.

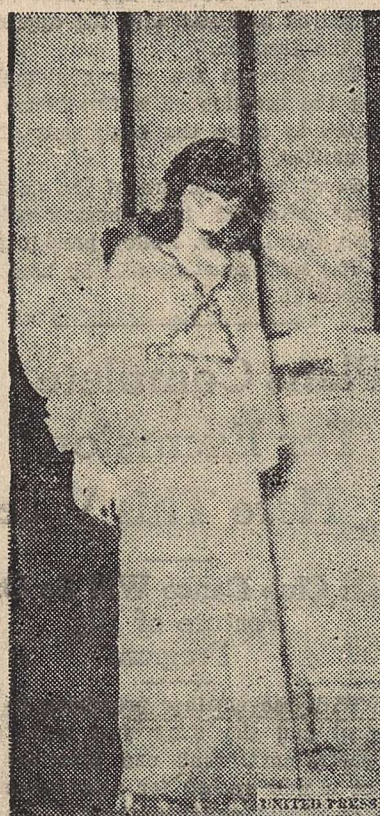

Davis told the committee he went to Los Angeles to investigate the rumors but had been advised by George Nordenholt, state director of natural resources, to "drop it."

Political observers were wondering how far the committee would go to determine the truth of the rumor. There are big names connected with the sardine industry and the fish and game organization.

Davis is under investigation as the result of disclosures several months ago that he used a pass for railroad trips in the state, and included railroad fares on his expense account. He defended his action by saying the falsified accounts balanced expenses for necessary airplane transportation which was not authorized by the state.

No action has been taken concerning the disclosures, state officials holding that although the practice was to be discouraged, there was nothing criminal about it so long as the money actually had been spent for necessary state trips.

Ariel Bows

Elaine Barrie Barrymore, estranged wife of John Barrymore, shown taking a bow after the opening performance this week of the play, "The Return of Hannibal," in which Mrs. Barrymore is cast as the last romance of the aging Hannibal. It was over her going on the stage, among other things, that the couple split, it was reported.

The Donihue committee can do little more than investigate and submit recommendations.

The inquiry into unemployment relief activities was aimed to determine whether administration expenditures have been too high; whether personal gain has resulted; whether better efficiency is possible.

The emergency relief administration will have spent \$48,000,000 in state funds in addition to many more millions in federal funds during the two-year period ending June 30. Administrative expenses are down around 16 per cent now, but formerly ran well above 20 per cent, despite the insistence of Gov. Frank F. Merriam that they should be no more than 10 per cent of the total amount

In all Christian Science churches, branches of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, February 21, on the subject "Mind."

The Golden Text will be: "Trust in the Lord with all thine heart; and lean not upon thine own understanding" (Prov. 3: 5).

expended.

Donihue's investigators will inquire into reports of laxity of relief equipment disappearing mysteriously; of relief workers appropriating supplies for their own use; of relief checks going to undeserving persons.

Although declining to charge it openly, some republican officials have hinted that the major purposes behind the Donihue committee's activity is to discredit as much as possible the republican administration.

Donihue denies this; insists he is sincere in his desire to correct slipshod methods of handling state funds

There has been some talk of Donihue's expenditures being investigated, but since no official movement has started in that direction, there was little likelihood of development beyond the discussion stage.

CITRUS FRUIT LOSS

SACRAMENTO, Feb. 18.—(UP)—California citrus growers, principal victims of the most severe cold wave the state has experienced since 1913, will market approximately 11,582,000 fewer boxes of fruit this year than they did in 1936.

Donihue's expense accounts, filed with the controller's office, revealed that he personally spent \$1,687.78 of the \$5,000 appropriated by the legislature two years ago for his committee's activities.

There was no way to trace the expenditure of \$20,000 advanced by Governor Merriam, since the governor does not have to account for the manner in which his "secret service" fund is spent.

The official expense accounts of Donihue revealed that he spent \$837 on mileage, \$987 for hotels and meals and \$63.40 for incidentals, including "\$2 for mixed drinks as evidence."

Governor Merriam showed a preference for educators when he appointed Verne S. Landreth to succeed Dr. Walter F. Dexter as his executive secretary. In addition to being an educator (president of Miramonte school in Atascadero), Landreth, however, is a well known football official and former coach.

TRAGEDY AVERTED AS TAHOE MAN IS VICTIM OF ATTACK

EBRIGHT'S LANDING, Feb. 18.—A second Tahoe tragedy was narrowly averted through the kindly assistance of neighbors in the vicinity of Tallac.

David Withers, 21, caretaker at Bay View Rest above Emerald Bay, was overcome by a heart attack while shoveling snow and ice. He traveled five miles on skis to the home of Mrs. Peggy Stambaugh.

He collapsed upon arrival. Had he suffered a fainting spell en route he doubtlessly would have frozen to death.

When his condition failed to improve, Mrs. Stambaugh consulted a physician at Vallejo and the ill man was ordered removed to the lower climate. Arrangements were completed for the youths removal just before the terrific storms disrupted the Tallac telephone service.

The man was placed aboard the "Nomad" and taken to Ebright's landing and then to Tahoe City by dog team.

MILDRED WATSON IS ENGAGED TO BAY MAN

TAHOE CITY, Feb. 18.—Tahoe residents were agreeably surprised this week to receive cards announcing the engagement of Miss Mildred Estelle Watson, daughter of Mr. and Mrs. Robert Watson of Tahoe City, to George Walker Collins of San Francisco. Wedding plans are not yet disclosed.

Mrs. Watson is visiting her daughter in the city this week.

TAHOE SKIERS TO VIE AT MEET

TAHOE CITY, Feb. 18.—Tahoe Ski Club members who leave this week to participate in the National meet at Ecker Hill near Salt Lake on Saturday and Sunday next are Sig Ulland, David Renner, Albert Henry, Jr., Carl Bechdolt, Jr., and Walter Mandeville.

TAHOE DONATES TO FLOOD AREAS

TAHOE CITY, Feb. 18.—Mrs. Geo-

Tahoe Ramblings

(By SWANEE)

The mail boat, "Marion B", was last week towed from Bijou where it was grounded during a recent storm and will be cradled until repairs have been made on its battered hull. In the meantime, the "Nomad", captained by Jack Hale is delivering the mail around the lake.

Miss Kathleen Anderson Starratt, who in company with Miss Donaldine Grass of the Sacramento Junior College, attended the state ski meet at Cisco Sunday, had additional honors bestowed upon her when she was elected treasurer of the Sacramento Junior College Women's Athletic association.

Arthur Delbo has returned to his home at Lake Forest following a stay of a week or more in Truckee where he underwent medical treatment.

MISS HOWRIGAN IS WED AT CEREMONY

TAHOE CITY, Feb. 18.—The many friends of Miss Barbara Howrigan of Sacramento will be pleased to learn that on Friday, accompanied by a few close friends, she motored to Oakland where at 11 a. m. she was married in St. Francis de Sales Church to Martin Spitzer. Father Doyle performed the ceremony.

rge Bliss, chairman of the Tahoe Red Cross chapter announced here this week that a total of \$85 had been forwarded to headquarters of the organization for flood relief.

LEGAL NOTICE

M.A. 030718. U. S. Land Office, Sacramento, California, January 22, 1937. Notice is hereby given that Metal Products Holding Corporation, whose address is Galen Building, San Francisco, California, has made application for patent to the Edison, Eagle No. 1, Eagle No. 2, Eagle No. 3, White Quartz, Mother Lode, Free Milling, Grizzly No. 2, Free Milling Extension, Teluride, Big Lode, Eagle No. 4, Silver Eagle No. 2, Grizzly No. 1 and Grizzly No. 4 lodes, M.S. 6168 in the Meadow Lake Mining District, Nevada County, California, described as follows: EDISON LODE—Beginning at corner No. 1, whence the 1/4 sec. corner of Secs. 4 and 9, T. 17 N., R. 13 E., M.D.M., bears N. 31°21'20" W., 568.0 feet; thence N. 35°00' E., 600 feet to corner No. 2; thence N. 55°00' W., 1499.51 feet to corner No. 3; thence S. 35°00' W., 600 feet to corner No. 4; thence S. 55°00' E., 1499.51 feet to corner No. 1, the place of beginning. NAME OFFICIALS FOR SKI MEET AT LAKE TAHOE

TAHOE CITY, Feb. 18.—The program for the Lake Tahoe Ski Club's sanctioned meet to be held at Olympic Hill in Ski Canyon on Sunday, February 21 at 1 p. m., is as follows:

First events will be A, B, C and D jumps starting promptly at 1 p. m. with novelty jumping events following. Tahoe is the only club which sponsors this pre-class division for the jumpers under 10 years of age. A medal will be given this year for the youngsters. Little Jimmie Swanson will be on hand to defend his title to the championship.

Then will follow a slalom for women and one for men. No cross country or down hill will be held this year. Medals will be given for prizes. The warming house will be open for visitors wishing to dry out, although no lunch will be served. A large bonfire will also be built on the jumping site for the comfort of spectators and skiers.

Following is a list of the tournament officials and their assistants:

Tournament director—J. Ernest Pomin of Idlewild; Judges—Arnold Weber of Placerville, Wendell Robie, Auburn and A. M. Henry, Tahoe.

Announcer—Charles Swanson, Lake Tahoe.

Starter—Miss Mary Pronzato, of Lake Tahoe.

Chief of the underhill—A. M. Anderson and Rufus Gregory of Truckee and Mrs. Marie Henry of Lake Tahoe.

Measurers—Fred Setley, Lake Tahoe; James Scrugham, Reno and Eugene Barton, Mt. Lassen.

Markers—Stanley Martin, Truckee; Weller Atherton, Lake Tahoe, George Stark of Yosemite.

Keeper of the gates—Henry Worden of Lake Tahoe and crew.

Recorders—Heinie Reynolds of Auburn and Walter Barrett of Truckee.

Timer—James Nealis, Auburn and Fred Steiner, Jr., Reno.

Buglers—C. W. Vernon, and Charles Henriksen, Lake Tahoe.

First Aid—Art Leitch and Frank Gaiennie, Truckee.

Publicity—Weller Atherton, C. W. Vernon and Fred Hodge of Reno.

A large entry list is expected from various California clubs and new stars will have an excellent opportunity to cross the skiing firmament, due to the absence of the top ranking skiers who have departed for the nationals at Salt Lake. Constable Harry Johanson of Tahoe City has announced he will again provide the medal for the novice class jumping event, as he did last year.

E., 844.67 feet; thence S. 71°00' W., 602.08 feet to corner No. 2; thence N. 26°43' W., 1490.64 feet to corner No. 3; thence N. 71°00' E., 598.76 feet to corner No. 4; thence S. 26°50'40" E., 1491.1 feet to corner No. 1, the place of beginning. BIG LODE LODE—Beginning at corner No. 1, whence the corner common to Secs. 4, 5, 8 and 9, T. 17 N., R. 13 E., M.D.M., bears S. 24°11'50" W., 1679.25 feet; thence N. 71°00' E., 598.76 feet to corner No. 2; thence N. 39°25'20" W., 1423.3 feet to corner No. 3; thence S. 71°00' W., 592.22 feet to corner No. 4; thence S. 39°10'30" E., 1421.0 feet to corner No. 1, the place of beginning. EAGLE No. 4 LODE—Beginning at corner No. 1, whence the 1/4 sec. corner of Secs. 4 and 9, T. 17 N., R. 13 E., M.D.M., bears S. 29°47'30" E., 2761.57 feet; thence N. 31°57' E., 600 feet to corner No. 2; thence N. 58°03'10" W., 1493.47 feet to corner No. 3; thence S. 31°57' W., 600 feet to corner No. 4; thence S. 58°03'10" E., 1493.47 feet to corner No. 1, the place of beginning. SILVER EAGLE No. 2 LODE—Beginning at corner No. 1, whence the 1/4 sec. corner of Secs. 4 and 9, T. 17 N., R. 13 E., M.D.M., bears S. 10°07'40" W., 3208.9 feet; thence N. 30°50' E., 603.49 feet to corner No. 2; thence N. 52°59'50" W., 1472.67 feet to corner No. 3; thence S. 30°50' W., 603.49 feet to corner No. 4; thence S. 52°59'50" E., 1472.67 feet to corner No. 1, the place of beginning. SOLLS HAVE UNIQUE LYNX HUNT WHILE INSPECTING ROAD

POMIN'S RESORT, Feb. 18.—Mr. and Mrs. Henry Soll and daughters, Mary Jane and Alice, of Pine Lodge enjoyed a novel experience last Friday. Making their way along the highway toward Pomin's to discover what progress the snowplow was making they were accompanied by their two pet Dachshunds, Hans and Fritz.

Suddenly fresh animal tracks crossed their path. Without hesitation, the elated, underslug hounds made off for the chase, barking lustily.

A few moments later they had successfully treed their quarry, taking advantageous positions beneath an annoyed and sullen lynx cat which crouched in temporary safety upon an overhanging limb.

Alice started home for a gun and flashlight while the family waited patiently nearby. It was dark before she made her way back but all participants in the hunt still held their positions. Mr. Soll, barely able to see the outline of the big cat's head and neck against the clear patch of sky, quickly brought him down with a bullet. The dogs pounced on their prey and would have torn it to pieces had not the girls rushed to the rescue.

Hans, in July, 1935, when only a five months old pup, distinguished himself by treeing his first lynx in the same locality. Mrs. Soll on this occasion, shooting the animal after it was treed.

PRUSSOS FETED AT PARTY ARRANGED BY TAHOE FOLKS

SUNNYSIDE, Feb. 18.—Mr. and Mrs. Everett Prusso and family were tendered a rousing "welcome home" party on Friday afternoon when neighbors and friends gathered to give them a community dinner. By prearrangement some of the ladies brought prepared dishes to add to the dinner. Mrs. Hull made a delicious lemon and coconut pie, Mrs. Gertrude Broach fixed a pot of beans, Mrs. Darlin proffered a big chocolate cake, Mrs. Swanson fixed a pot of "Spanish" served with macaroni, while the Prussos furnished the refreshments.

Among those attending were Mr. and Mrs. H. H. Hull, Mr. and Mrs. Henry Worden and children, James and Helen; Mr. and Mrs. Joe Duffie and daughter, Eunice; Mr. and Mrs. Otto Darlin and son, Larry; Mr. and Mrs. Charles Swanson and son,

ROADS ARE OPENED TO STRANDED IN LAKE TAHOE AREA

TAHOE CITY, Feb. 18.—Tahoe residents on Monday were jubilant in again being able to travel a two-way highway, following a three-week period of restricted travel.

A one-way road was opened last week by the snow plow, but local car drivers generally employed a lot of proficient cussing as they backed up for miles to let another car pass.

This condition, however, was admittedly better than no road at all. Any number of machines skidded into snow banks from which it took hours to extricate them. No serious accident was reported in spite of the limited scope of travel. This was the longest period of time local residents have been snowed in for five years, it being just one day short of three weeks since the storms closed the highways.

Herbert Nichter of Lake Forest who is wintering in Oakland, is reported to have received hospital care in the past few weeks. He is said to be enjoying improved health at last reports.

Jimmie; Chris Nielsen, Mrs. Gertrude Broach, Harry Johanson and Mr. and Mrs. Everett Prusso.

HOBART MILLS

Mrs. Hannah Stewart had the misfortune to fall and break her right arm at the wrist on Sunday morning. She stepped out on the porch at her home and slipped on the ice and fell, causing the injury. Mrs. Stewart was taken to the Hobart hospital where the bone was set by Dr. Schwing and later returned to her home.

G. D. Oliver left for his home in Berkeley Saturday afternoon after spending a week in town.

Mr. Murray one of the auditors engaged in work for the Hobart Estate Company, who spent last week in Nevada, has returned here and resumed work.

Mr. and Mrs. William Cross have returned home from a week's visit with relatives in Reno and were accompanied home by their daughter who will visit here for a few days.

Mrs. Sam Cavallo went to Truckee Friday night on the special train and continued on to Reno where she will spend the week.

Local members of the Truckee Knights of Pythias lodge chartered the train to take them to Truckee Friday where they attended the installation of officers. About 30 members from Hobart Mills attended.

William Butler left on the train one day during the past week for his home in Oakland where he hopes to recover from a severe cold.

T. K. Oliver went to Berkeley the latter part of the week where he spent the week end with his family.

Mrs. and Mrs. E. K. Wilson have returned home from a month's visit with relatives in the Sacramento Valley, both having been victims of the "flu" while away.

Mrs. Erle Martin was a passenger on the train one day last week en route to Sacramento where she visited relatives.

In City—

Miss Norma Reichelt has been ill for several days and was at her home in San Francisco. She returned to Truckee on Sunday.

Precipitation on Saturday registered 17.13 inches since September 1 at Lake Tahoe. The lake level now stands at 6224.43 feet.

Ralph Cardinal and Karl Weeks visited relatives in town Thursday and Friday, coming up from Reno where they are employed to attend the Knights of Pythias meeting.

Cecil Selburn went to Truckee Friday afternoon and remained in to attend the lodge meeting.

A large barn at Klondike which has been a landmark for over 40 years in this vicinity, gave way under the pressure of its heavy burden of snow and flattened out. Sophia McLeod said it was built 40 years ago. Other buildings at Klondike had to be shoveled off to keep them from being wrecked.

Friends of Mr. and Mrs. Harry Maggard report they are anxious to get back to the mountains. They are spending the winter at Walnut Grove and report the weather severely cold.

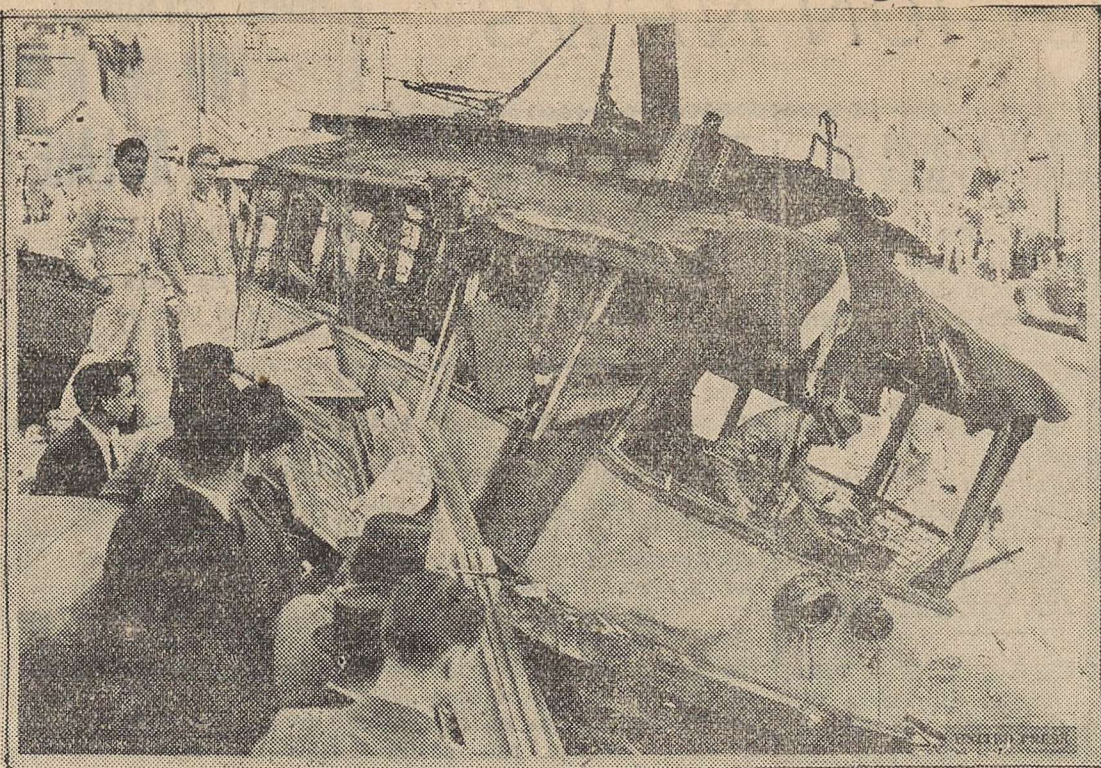

Mrs. William Gundlock and infant son have returned to their home from the Hobart hospital. Both are in good health.

The heavy rain of last Saturday settled the snow and cold nights have formed a good crust so that ideal skiing conditions prevail.

The whirr of the state highway snow plow could be heard in Hobart Mills Monday afternoon and again on Tuesday, so Hobart folks are expecting to see the plow appear now. It will be a rare treat to have the road plowed and be able to drive to Truckee after three weeks rest period for the automobiles.

Mrs. H. G. Seibold entertained a few ladies at her home Friday evening while the husbands were attending the lodge meeting in Truckee. Cards were enjoyed for some time and refreshments were served by the hostess and a pleasant evening was reported.

Street Car Goes Berserk in Los Angeles

Eight persons were hurt, a small building and two automobiles were damaged and scores of motorists and pedestrians were thrown into panic this week when the streetcar, pictured above, ran wild through downtown Los Angeles. Its magnetic brakes failed to hold on a hill.

This Week At The State Capitol

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Feb. 18.—(UP)—California stepped to the forefront in the nation's drive to eradicate child labor this week when President Franklin D. Roosevelt officially recognized efforts of the state legislature.

A white house communication to Governor Frank F. Merriam said.

"I wish to express my very great appreciation of your letter of January 23 and the action of the legislature in adopting assembly joint resolution No. 15, memorializing the president to use his good offices to persuade the states that have not thus far ratified the child labor amendment to the U. S. Constitution to do so."

"This action by California, the first state to ratify the amendment, is most encouraging and should be helpful in securing favorable cooperation by the remaining 10 states."

Contrasted to the child labor picture, Rex Thomson, Los Angeles county charity administrator, warned the Donihue assembly investigating committee that California is in a fair way to becoming the "poorhouse of the nation."

Something must be done, Thomson said, to curb the flood of indigents, transients and prospective old-age pensioners. With California's \$35 old age pension currently highest in the nation, legislative proposals to increase it to \$50 and reduce the age requirements from 65 to 60 years brought new problems to the relief authorities.

Along the same line, Wren Middlebrook, San Francisco county's supervisor of audits, told the Donihue group's Robertson's sub-committee that counties can administer state relief funds at a cost of seven per cent. From State Relief Administration.

tor Harold E. Pomeroy and other sources, investigators learned earlier that present administration costs range from 14 to 25 per cent.

Thus Middlebrook contended, a substantial saving may be effected in addition to providing a more effective check on "chiselers."

The capitol's congratulations and well-wishes for the week went to veteran 76-year-old Secretary of State Frank C. Jordan. With Mrs. Bernice Wiley of Arkansas City, Kansas, Jordan slipped away to Reno and were married. The first word any of Jordan's numerous friends had of the wedding came in a press dispatch from Reno, Jordan, who in 1934 amassed the greatest popular vote ever given a California state officer, is a Republican and has been secretary of state since 1907.

State employees also received good news when Governor Merriam ordered a survey to determine what changes are needed to bring state salaries into a level with those paid in private business.

So great has been the exodus of state employees into private fields that the personnel board has reported difficulty in filling civil service jobs. The survey was requested in an assembly resolution.

With the survey under way, the governor then ordered readjustments to insure payment of minimum civil service salaries to all employees, and to prevent future political appointees from starting work above the minimum figure.

Long range political planners swung into action during the week. Dr. George S. Holbrook, San Francisco, made the first official move in behalf of Lt. Gov. George J. Hatfield's expected 1938 gubernatorial candidacy, writing Secretary of State Jordan a request to reserve the "Hatfield for Governor Club" title. Hatfield hastily announced although he is "appreciative of the goodwill of my friends, I am not now a candidate for governor or any other office." The reservation was made without his knowledge, he said.

Appointment of William H. Neblett, Los Angeles, as attorney for

the Donihue Committee generates charges that U. S. Senator William Gibbs McAdoo therein again demonstrates his "control of state politics." (Neblett is McAdoo's law partner.)

Scarcely had this flurry quieted when the committee subpoenaed seven witnesses to relate what they knew of the Pacific Mutual Life Insurance company reorganization. Chief Investigator Leon M. Donihue, Oakland assemblyman, denied inferences that both Neblett's appointment and the Pacific Mutual inquiry were politically significant.

Instead, he said, the investigation is aimed toward awarding the company a clean bill of health and alleviating California of the menace of \$650,000,000 in lawsuits threatened by other states because Pacific Mutual stock has been acquired in the name of the state.

that I am conducting the business of Butchers under the fictitious name and style of "TRUCKEE MEAT CO." that my principal place of business is in Truckee, California; that my residence is at Fallon, Nevada.

When the temperature goes "bearish"
...Turn on Winter Sunshine

EVERY home has its arctic zones these cold mornings and evenings. So often in the bathroom, breakfast nook or corner bedroom there are chilly spots that would even make a polar bear thermometer-minded. These cold spots vanish when you plug in the efficient, portable electric heater.

"Turning on winter sunshine" is what more than 100,000 California families call these handy electric heaters. With electric heat you can dress in comfort, warm your body and your clothes in the mornings. You can thaw out the bathroom while you bathe and shave. Your home should have one or two of these quick-acting electric heaters.

SLASH PROPOSED IN FISH, GAME BUDGET IN LEGISLATURE

The budget submitted to the legislature has cut approximately \$1,300,000 from the 1937-39 budget prepared by the state fish and game commission. This was revealed upon examination of budget bill, A. B. No. 500, according to the Fish and Game Development association, statewide conservation body.

The budget submitted by the commission was based on a conservative estimate on income for the coming biennium. That budget totaled \$3,713,640. When the department of finance completed its pruning and the state budget was submitted to the legislature, the fish and game budget totaled \$2,408,000, a cut of \$1,305,640.

The Development association calls attention to the fact that hunters and anglers of the state furnish the funds for fish and game administration through the purchase of licenses. All of this money, under the law, is to be expended by the fish and game commission in the preservation and propagation of fish and game. Should the budget submitted to the legislature be approved fish and game funds will be in a position where the \$1,305,640 may be diverted or at least frozen for two years.

The dangers are apparent.

Should such funds be diverted they will be lost to fish and game. If diverted or frozen the division of fish and game will be obliged to curtail its operations to a point that will seriously cripple the carefully planned long range conservation program now well under way.

The fish and game development association calls upon the sportsmen of California to vigorously protest to the governor and members of the legislature this proposed cut, which not only jeopardizes fish and game funds, but threatens the very foundation of the state's wild life conservation program that sportsmen put up their money to finance.

LEGAL NOTICE

CERTIFICATE OF PERSON TRANSACTING BUSINESS UNDER FICTITIOUS NAME

I, A. Fontana, do hereby certify that I am conducting the business of Laundry under the fictitious name and style of "FONTANA'S LAUNDRY"; that my principal place of business is in Truckee, California; that my residence is at Truckee, California.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 9th day of February, 1937.

A. FONTANA.

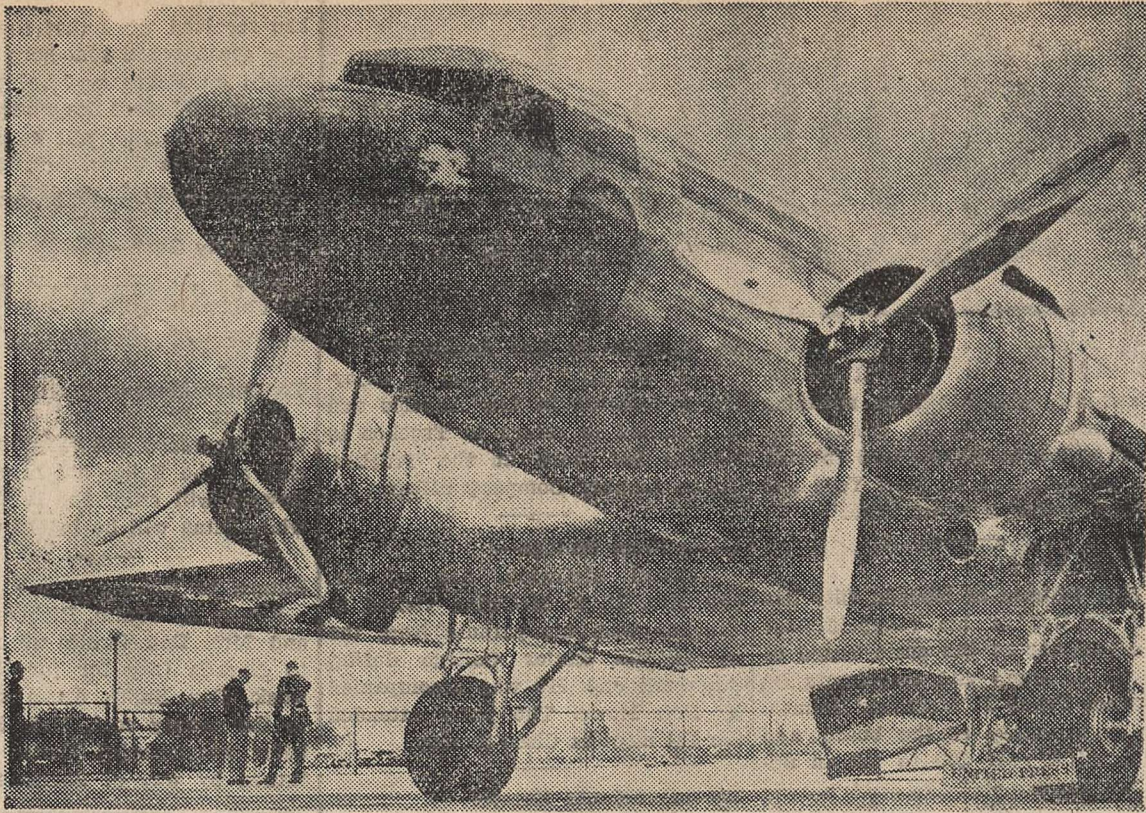

State of California, County of Nevada, ss.

On the 9th day of February, 1937, before me, C. B. White, a Notary Public in and for the County of Nevada, State of California residing therein, duly commissioned and sworn, personally appeared A. Fontana known to me to be the person described in and whose name is subscribed to the within and foregoing instrument and he duly acknowledged to me that he executed the same.

(Seal) C. B. WHITE, Notary Public in and for the County and State aforesaid.

Eleven Drowned When This Transport Fell

A recent photo of the giant twin-motored 21-passenger Douglas transport plane which crashed in San Francisco Bay carrying many Western notables and a crew of three to their death. Equipped with every modern convenience and safety control, the ship was only recently put on the Los Angeles-to-San Francisco run by United Airlines. But its radio sputtered Tuesday night and its wreckage found the next morning.

STATE IS CARING FOR STARVING DEER IN MANY DISTRICTS

SACRAMENTO, Feb. 18.—(UP)—California's roving deer herds are staging one of the most desperate fights in years against the threat of starvation brought about by the abnormal winter conditions.

With the assistance of the most extensive game feeding efforts under taken in recent years by the state

THREE MAJOR PICTURES ARE BILLED AT LOCAL THEATER DURING WEEK

A most timely picture, "Crack-up", will be shown at the Donner Theater Saturday night. "Crack-up" is one of the most thrilling productions of the year starring Peter Lorre, Brian Donlevy who are supported by Helen Wood, Ralph Morgan and Thomas Beck. It is an airplane picture with some of the most dramatic scenes ever produced.

Sunday, February 21, Manager V. C. Shattuck has billed "Black Legion", a Warner Brothers production,

featuring Humphrey Bogart and a big cast of stars. The story deals with the recent exposure of the Black Legion which terrified scores in the east.

Then winding up a week of good pictures, "Gold Diggers of 1937" one of the latest off Warner Brothers' lot will be seen Wednesday, February 24. With Dick Powell and Joan Blondell in the leading roles, the show can't help but be good and this has been verified by the most critical of critics.

DANGERS OF SNOW COUNTRY RECITED BY ASSOCIATION

Snow and cold weather in the great open spaces can be as dangerous to the unprepared or the inexperienced person as fire and water in the summer. So warns the U. S. Forest service in a statement received by the California State Automobile Association.

Forest officers urge the public visiting winter sports areas in the national forests to use only designated trails, roads and ski trails. Those who fail to do so invite falls, cold, hunger and exposure and rescue parties are required to face danger and hardship, it is pointed out.

Meet Me At The Manx On Famous Powell Street

Swimmer Expires—

Myrtle Huddleston, 37, who is believed to be the first woman to swim Lake Tahoe, died last week in the charity ward of a San Francisco hospital following a heart attack, according to word received here. She also held the distinction of being the first woman to swim the 25-mile channel from Santa Catalina Island to the mainland.

Going East—

A note from Mrs. S. M. Richardson of Truckee, who has been spending the winter in Florida, states that she expected to leave there to visit in Washington, D. C., New York and Chicago within a short time.

Is Reappointed—

A. M. Holmes of Nevada City has been notified of his reappointment as a member of the state board of funeral directors and embalmers by Governor Frank F. Merriam. Holmes, who is secretary of the board was appointed a year ago to fill an unexpired term.

Auburn Visitor—

Mrs. Stella Watson of Lake Tahoe visited in Auburn with Mrs. G. E. Lukens for several days last week.

To Nevada City—

Dick Moretter of Truckee was a recent visitor in Nevada City.

Here From Summit—

Claude Herrold of the airways station on Donner Summit, was a visitor in Truckee Monday. He reported that during the recent storm the wind reached a velocity of more than 100 miles per hour there.

Visiting Relatives—

Mrs. B. F. Barrow and son, Benny, of Yosemite are visiting the former's daughter, Mrs. Frank Gaiennie.

Recuperating—

B. J. Buddle manager of the Southern Pacific hotel is recuperating from an illness which has confined him to his bed.

On Vacation in Los Angeles—

Miss Margaret McGwinn is enjoying a vacation in Los Angeles and is expected to return to Truckee to resume her work at the Truckee-Tahoe Lumber Company office.

Home From College—

Maxwell McGwinn, son of Mr. and Mrs. M. J. McGwinn visited in Truckee with his parents from the Sacramento Junior College during the week end. He was accompanied by Don Howe. The party attended the ski meet at Cisco Sunday.

Guests at Costa Home—

Mr. and Mrs. Harry Smith of Sacramento and Thomas Rogers of Newcastle were week end guests at the home of Mrs. Sam Costa.

Substitute Teacher—

Mrs. Jennie Watkins has been teaching at the grammar school during the absence of Miss Reichelt.

Teacher Ill—

Wright I. Bovee of the high school faculty is ill at his home here with an attack of influenza.

Visiting Here—

Mrs. H. C. Lichtenberger of Roseville is visiting here with relatives and friends.

Here for Sports—

Mr. and Mrs. H. Kempton Parker and Miss Alene Parker of Vallejo and Gordon Parker of Escalon were week end guests of Mrs. Elizabeth Bavier. It was the first trip of the former couple to the heavy snow country and they enjoyed skiing on Saturday and Sunday.

Grand Child Arrives—

Mr. and Mrs. J. C. Titus of Truckee received word that they have a new great grand son, born in Sacramento on February 13. Mrs. Albert Fippen, mother of the youngest member of the family, will be remembered as Miss Julia Titus, daughter of Mr. and Mrs. John Titus of Sacramento.

At County Seat—

Miss Olga Owens, who is teaching at Columbia Hill, was a visitor in Nevada City Monday.

To Enter Meet—

Robert Bowers and Frank Titus will represent the Truckee Outing club at the Tahoe ski meet Sunday. Bowers will enter the B class jump while Titus will be in the C class.

Return to Nevada City—

Robert A. Tonini, Richard Moretta and Mrs. Dan Smith were recalled to Nevada City for jury duty this week. Dan Smith drove the group to the county seat, Mrs. Karl Kielhofer accompanied them. They returned by way of Sacramento.

SEAWELL TO DECIDE
IMPORTANT ISSUE
FOR SENATE BODY

Senator Jerrold Seawell, chairman of the senate interim committee on the advisability of California acquiring private water and power facilities in the state will attend a meeting of the group in Los Angeles on February 25.

The meeting place was determined for the convenience of former senators Walter H. Duvall of Ventura county and L. J. Difani of Riverside county, who are still members of the committee and who will remain so until the complete report is made.

but who are no longer state officials and therefore cannot be paid travel expenses out of state funds.

Senators J. C. Garrison and Chris N. Jespersion are the other members of the group.

Senator Seawell will have the deciding vote when they make their report on February 24 which will be presented to the senate following the recess which ends March 1. It is reported Garrison and Jespersion have been consistently for public ownership while Duvall and Difani are said to oppose it.
